## Serving Hudson River Sloop Clearwater with Pride for 35 Years

### Message from Our President:

Right now we are very busy with preparations for the Strawberry Festival. With a lot of hard work, everything seems to be coming together. We have a brand new Strawberry tent. With the recent hot ripening weather, we've been able to buy all local berries. The Woody is looking fine. Now, if the weather on Sunday cooperates, this promises to be an excellent festival. Thanks to all the wonderful volunteers.

Looking ahead beyond the Strawberry Festival, only one week later, is the Clearwater Revival at Croton. In a way, this is the festival that started it all. Clearwater has been sailing for over 30 years, and all the time, the Revival has been a major rallying event and fund raiser for the effort to clean up and restore the Hudson. It is a time when we meet old friends, and hear great music. Those of us who volunteer, personally share in the effort to return the Hudson to its full natural beauty.

The BSC will have a significant role at the Revival this year. The Woody will be there, providing free guest sails from the Working Waterfront area. The BSC Solar Trailer will be powering the Family Stage. We'll be represented in the Sloop Club tent as well.

In addition to the "club" activities, you'll find BSC members as Clearwater volunteers in just about any part of the Revival. The Revival is an experience not-to-be-missed

Our next meeting is on the 4<sup>th</sup> of July. (Hint: come early and get a good seat for the Newburgh Fireworks)

Gotta rest up for Sunday!

Fair Winds.  
Saul.

# Beacon Sloop Club General Meeting Minutes

## June 6, 2008

**Saul Rozinsky**, President, presiding.

The meeting was opened with everyone singing with our musicians of note, the unsung heroes of the Sloop Club. In ancient times the shamans and magicians were the keepers of the chants and were those who were guardians of what is true and right. The literally sang the world into existence. We sometimes forget to celebrate the significance of the role of music is developing a social or shared consciousness and shared sense of social responsibility. And it is this same music which motivates us to action, sustains us and also serves to change the minds of others.

The meeting was called to order by Saul Rozinsky, President

### **Treasurer's Report**

The treasurer's report was presented by Saul. Our balance at the end of May is \$3000 less than our balance at the end of April primarily due to the cost of repairs to the Woody.

**Woody Report-** presented by Jim Birmingham.

The Woody is in the water and is now at the dock. Special thanks to Gigi Fritz, Kip Touraine, and Tom Baldino they each did a yeoman's job in reconditioning and repairing the Woody. Hats off and a heart-felt thanks to them. We should also thank our volunteers who put in over 1200 hours. At the usual wage of one beer an hour, that's a whole lot of beer.

The Woody and her crews will begin public sails in 2-3 weeks. The Woody will also participate in the Hudson River Revival at Croton-on--Hudson June 21-22.

### **The Strawberry Festival-Saul and Phyllis**

The Strawberry festival is this coming Sunday June 15<sup>th</sup>. We need everyone on Board, there are plenty of jobs to do and we need volunteers to do them. Among the jobs are baking biscuits, preparing strawberries, making whip cream and then selling the shortcake. We also need strong able bodied men or women to help with set up and clean up. And this year for the first time we will have greeters to greet the attendees and inform them about the Beacon, Sloop Club. We hope to attract many new members.

Tent set up will begin Saturday at 8 AM, a strawberry preparation party will be at Tom La Barr's home (Red barn and house on your left just north of I-84 on Route 9D at 10 AM. Workers will be paid with frozen Daiquiri's and a wonderful meal. We are still looking for an old gas oven to use in baking biscuits. The set up crew will return to the park at 8AM on Sunday to finish the set up. The Festival will begin at 12 noon.

### **Clearwater Report – Dan Einbender**

Due to a miscommunication and an accident the Clearwater will not be making a Strawberry Festival appearance. Seems that part of the mast support broke and the yardarm came crashing down. The Clearwater is in port on Long Island getting quite a repair.

### **Promotional Video**

The Marist college students have finished their Beacon Sloop Club Promotional Video. They did a great job. The video can be viewed on the Beacon Sloop Club web site.

### **Firewood shed**

Volunteers will be building a firewood shed at the rear of the building, Contact David Cohen 566-3210 or [dacohen@hvc.rr.com](mailto:dacohen@hvc.rr.com)

### **Announcements**

River Pool the River will be places in the river soon and stay there for the full summer season. The River Pool will also be holding its fifth annual Newburgh to Beacon Swim. Swimmers need to pre-register before July 21 at [www.riverpool.org](http://www.riverpool.org). Kayakers and other volunteers are needed.

Respectively submitted,

David Eberle Secretary

# Executive Committee Meeting Minutes

Tuesday, May 28, 2008

The Meeting was called to order by Saul Rozinsky President.

Saul announced his retirement from his outside job and that he would now be devoting all his time and energy to the sloop club

## **The Beacon Mural**

A contract between Jim Price the artist and the beacon Sloop club has been signed and a check in the amount of \$1850 was passed to Jim. This leaves a balance of \$6500. A grant has been submitted to the arts council for an additional \$3000 dollars.

Some of the suggestions of people who viewed the mock up have been taken into account and changes have been made in the mural. We will not own the Mural so we will not be responsible for maintaining and repairing it if that is necessary. It is a gift of the Beacon Sloop Club to the Beacon Community.

## **Strawberry Festival**

### **Strawberry tent**

The New Strawberry tent has arrived and has been examined. It looks great and will make a very dramatic statement at the festival. It was noted that the manufacturer has re-called these tents because they are not properly fireproofed. We elected not to return the tent because we would only get a refund and then would have to find another tent. In addition we will not be having any fires or hot objects under the tent.

### **Building a new Strawberry Trailer**

We have an old camping trailer that can serve as the foundation. It would need walls, insulation, shelves, and air conditioning. Volunteers can do the work, as it is not complicated.

### **Publicity**

New signs and posters have been made, they look great. Well done. We also have new brochures to give to the public when they sail on the Woody.

### **Greeters**

We will have greeters passing out information about the sloop club who will be trying to attract new members and/or donations.

### **Waste Collection**

A letter has been sent to all vendors indicating that since we are an environmental organization, we would sincerely appreciate their using degradable cups, plates and utensils. A way of obtaining these commodities was provided. We are still working out a waste disposal system.

## **Woody Report**

The Woody is in the water. The final Rigging is being done by Tom Baldino.

*Continued on page 6*

## **Greetings from the Beacon Sloop Club**

## From Riverkeeper:

On the heels of Riverkeeper's Hudson Fisheries Defense Campaign launch, Governor takes needed actions. We are very pleased to report that Governor Paterson has launched a decisive new program aimed at rebuilding and protecting fish species in the Hudson River. The governor's initiative comes just two weeks after the release on May 15 of Riverkeeper's report, The Status of Fish Populations and the Ecology of the Hudson (the Pisces Report)(<http://ga1.org/t/KdxakT71XmSy/>) and the launch of our Hudson Fisheries Defense Campaign. That the governor took immediate action is a testament to the effectiveness of Riverkeeper's work to protect Hudson River fish.

The Governor's recovery plan for American shad, to be implemented by the New York State Department of Environmental Conservation (DEC), includes nearly all of Riverkeeper's recommended actions to protect the shad. These efforts will also benefit other imperiled fish species.

We applaud Governor Paterson and DEC commissioner Grannis for their leadership on this important issue! But one more critical step is needed. We need your help to tell the commissioner that the most important achievable action -requiring closed-cycle cooling at the five Hudson River power plants - must be undertaken immediately as a protective measure for all our fish. Please send a letter to Commissioner Grannis urging him to adopt closed-cycle cooling as policy for all power plants.

## THE BIG DAY ARRIVES.....

Sunday June 15.... Beacon Sloop Club presents the all-volunteer STRAWBERRY FESTIVAL. Busy hands and pickup trucks needed for Saturday set up. Saul would like help at the park at 8 a.m. Saturday morning to put up the big tents, set up the ovens and the water pipeline as well as electrics and other infrastructure details. All volunteers for set up are also invited to the strawberry hulling lunch party...

HULLERS AND SLICERS will meet on Sat. morning at Tom and Aimee LaBarr's for hulling and slicing of half our strawberries and mixing of the biscuit dry ingredients. The site crew will be joining all for lunch. Come early, stay late. The festival starts here!!!!

### ON TO SUNDAY...

Saul and the Baking team will be starting the ovens early. Vendors will be arriving; some booths and chairs need to be set up .. help is needed.. come early..call Saul for start up time. 845-496-5617. Your hands are needed.

We start at noon on Sunday, and anyone can always offer the servers, slicers and hullers a break during the afternoon so everyone has a chance to enjoy our festival. Taste-testing is allowed and we know that volunteers will have a great time catching up with those long-time no-see friends in the strawberry tent. It's ok to make new friends too.

### LAST BUT MOST VITAL...

Please don't desert the ship at cleanup time...stick around and lend a hand to take some things back to the sloop club, load a truck, empty a trash barrel, wash some utensils, wipe down a table..

In fact, if you can't make it to the festival early, we welcome fresh new late-comers filled with vim and vigor to help with cleanup. ...

ABOVE ALL, be kind to each other, spread good cheer, enjoy the day and have a really good time!!

Love to All,

Phyllis

BEIJING - Pollution has turned part of a major river system in central China red and bubbly, forcing authorities to cut water supplies to 200,000 people and close schools.

Gao Qijin, head of the water company in Xingou township, said officials discovered the Dongjing River — was red and bubbly Sunday. The company immediately stopped drawing water from the river. (AP)

## Executive Committee Meeting continued from page 5.

### Relationship with the City of Beacon

David Cohen is working on a document to formalize our relationship with the city of Beacon with regard to using property at the University Settlement and with regard to the Sloop Clubs presence at the Waterfront. This is going slowly, because the city has not yet determined what this relationship should be, including whether we should pay rent. We need to counter this by informing the City Council of what the Sloop Club brings to the City of Beacon. And this is what David is doing. We also need to get a group of Sloop Club members who reside in Beacon and can be a vocal presence when these topics are brought up for discussion.

### Grants Committee

There are Grants available through the DEC regarding the quadricentennial, Money is available for improvements in river access. We are looking into the possibility of writing a grant.

### Web Site

People can now register for sailing trips directly on the Beacon Sloop Club website.

Respectfully submitted,

David Eberle Secretary

**The River Pool at Beacon** ([www.riverpool.org](http://www.riverpool.org)) will hold its annual cross river swim from Newburgh to Beacon on Sunday, August 3 with a backup date of Saturday August 9. Each year getting swimmers back to their cars on the Newburgh side presents a bit of a logistical problem. This year they would like to offer ferry service on the river back to Newburgh for those that want it. To do this, they will need some volunteers with power boats. River Pool will compensate for gas costs.

If any Sloop Club members are interested or know of someone who would be interested in helping out, please contact Laurel Becker [laurelb@optonline.net](mailto:laurelb@optonline.net)

## Woody Winter Maintenance Wrap-up – By Gigi Fris

The Woody sailed down to Beacon from White's on Saturday, May 24<sup>th</sup>. Captains Kip Touraine and Ben Mazer brought her down in quite a lovely 1 ½ hour sail. The motor was not hooked up until June 6<sup>th</sup>. Over **1200 hours** were put in by all of our great volunteers and captains.

It was determined at the executive meeting that we need to purchase a new (OK used) dinghy to replace the stolen one.

The running and steaming lights will be installed before Strawberry Festival by Saul Rozinsky and Patrick Gallagher.

I will continue coordinating summer maintenance and can be reached @883-9794 or [gigifris@yahoo.com](mailto:gigifris@yahoo.com)
